## **1 Internal Auditor**

The Internal Auditor is the champion (supporter, advocate, guardian) of the QMS for PSC, including both project engineering as well as division administrative functions.

## **2 Responsibilities**

Internal Auditors perform internal audits on projects based on the ISO 9001:2000 standard and other PSC work standards.

Internal Auditors perform internal audits on PSC administration and engineering facilities also based on the ISO 9001:2000 standard and other PSC work standards.

## **3 Reporting**

Internal Auditors are come from the operating departments. They will report to their respective Department Managers for normal engineering functions. They will report to their respective Project Managers for project related functions. They will report to PSC Quality Manager for quality related functions. If conflict arises, Division manager will facilitate a suitable resolution.
